Dear Angus,

**Re: Promoting the Home Loan Health Check to Your Members and Supporters.**

As discussed, I would like the opportunity to provide your committee, members, family and friends the opportunity to review their home loan, via our Free **Home Loan Health Check**.

With interest rates and household costs continuing to place pressure on many families, this is a simple way for members to review their current loan arrangements and explore whether they could achieve savings or better value through Bendigo Bank.

The **Home Loan Health Check** is quick and straightforward and can generally be completed in just a few minutes using the following information:

- Loan type – owner occupied or investment.
- Repayment type – principal & interest or interest only
- Current interest rate.
- Current loan amount.
- Monthly or Annual Fees-(If Applicable)
- Estimated property value.

Following the review, we will provide indicative pricing and outline any potential savings or benefits available by refinancing to Bendigo Bank.

Importantly, we have been able to secure additional discounts beyond advertised rates for members and supporters of the sporting and community organisations we sponsor. In addition, when members or supporters choose to bank with us and nominate your club at the time of settlement or refinance, additional sponsorship support can be directed back into your organisation. This creates a genuine partnership where supporting the Community Bank also helps strengthen the local clubs and groups we invest in.

Thank you again for your ongoing partnership and support.

Claude Di Donato  
Business Development Manager
