CANDIDATES FOR NOMINATION TO 2023 GPHC CLUB COMMITTEE

GENERAL COMMITTEE:

Andy Campbell

Hi, I'm Andy - a passionate member of Grace Park Hawthorn Club and am keen to be involved in making the club the best it possibly can be. I use all the club's facilities, from snooker to racquetball and squash, tennis in all weather, table-tennis and occasionally the gym – I love this place!

I am already proud to have been and continue to be part of the organisational committee for the annual All-Rounder competition.

You can rely on me to listen and pass on your thoughts and feedback to the General Committee.

Thanks for reading my statement. Looking forward to hearing your thoughts soon.

Matt Rudd

I've been a sporting and social member of the club since 2017. Having played at clubs around the world in the UK, America, Canada and S. Africa playing squash, I can say this is the best sporting club I've played at or been a member of. My 25-year background in Marketing and Sales, including 17 years of involvement with the AFL, NRL, Cricket Australia, TA, managing their revenue and new technology platforms, I can bring 'those learnings', to the club. My recent experiences with various GPHC initiatives, makes me want to understand 'truly' what our members want and how we deliver that. I see opportunity for GPHC to build on the amazing facilities we enjoy and develop our club to host future high profile events.

'My hope', is GPHC will become the club of choice and benchmark for the youth in tennis and squash and provide them lifetime sporting memories.

Gyver Huang

About me:

I joined GPHC to also contribute further to the cultural fabric of the neighbourhood. I am seeking committee re-nomination and I am looking forward to meeting and supporting all the club members in the future.

Reason for seeking re-election:

- I currently chair investment sub-committee for GPHC, to ensure ongoing financial sustainability of the club.
- As a long-term local resident, I highly value the community and believe that sport is central to promoting health, mental wellbeing and community cohesion. I enjoy my time at the club and hope to make it as good as possible for everyone.
- I bring my business background to the running of the club: I have a rich and varied business experience in Strategy Management Consulting, where I help solve some of the most complex business problems of global organisations. I bring these skills to benefit the club and the members and further our goals.

**Rebecca Xuereb**

I have been an active member at GPHC for over 20 years and Committee member since 2020.

I am an engineer with strong analytical skills and a background in management consulting, business development, marketing and strategic partnerships.

I have played in Tuesday night tennis competition team since 2001. I also use the gym, squash courts and snooker room and I have helped organise many of the successful social events.

My focus is to ensure the club is financially strong, we continue to improve our sporting facilities, increase member involvement and the club is a welcoming place for existing and new members.

Daniel and our girls love the Club and I have enjoyed serving on the Committee.

This is an exciting time for the club and I am keen to continue to be involved in overseeing its governance.

Rob De Luca

Our family are all active members at GPHC. We moved from WA and have found GPHC membership with its competition and social activities a key to our family settling in Hawthorn.

Our sons play junior competition and I manage one of the teams. I have competed in Thursday night and Saturday competition and enjoy the In-house Competition. I played tennis growing up in SA at a national junior level and in club and local Pennant competition.

I am CEO and MD of an ASX listed company and have held a number of executive and Board roles across banking, corporate and community entities. Additionally, I have been Treasurer and Committee/Board member of a school.

This breadth of experience positions me well to play an important and active role on the GPHC Committee.

I would find it a privilege to continue to serve as a GPHC Committee Member

Adam Hubble

I have been on the committee for four years and have helped operate all things tennis. I have enjoyed promoting and growing organised competition at GPHC. This includes junior comp, pennant, night comp, premier league, and in-house comp. These teams are now at capacity and are amongst the most successful in the club's history. In-house competition numbers continue to grow and club championships are seeing record numbers each year. I have also helped organise various social functions at the club and believe the clubs social environment is as good as any. I would like to continue to be part of the committee to ensure the ongoing success of tennis at GPHC, along with maintaining the many social events on the calendar.

VICE PRESIDENT:

Steven Cuff

I would like to nominate for the position of Vice President of our General Committee of which I have held for the past 4 years. Over this time, it has been a pleasure to serve our long-term members and welcome into the GPHC fold all the new members to our wonderful Club. I strive to make membership of GPHC an inclusive experience for all no matter your age or sporting ability. I am also the House & Grounds coordinator and within this role have overseen the installation of LED lights on 5 tennis courts, upgrade of our CCTV coverage and repairs to squash court ceiling to name a few with more upgrades in the works. I truly believe GPHC has a bright future with all our sports on offer whether that's external or in-house competition and as a social hub for members to enjoy all year round.

CLUB SECRETARY:

Angus Henderson

I have been Club Secretary for the past 2 years and was previously a General Committee Member and also Squash Convenor for the Club. I represent the Club in pennant squash and participate in the in-house tennis and squash competitions and initiated the Club All Rounder event in 2019. I love the sports on offer, the social offerings and the friendships I have made through the club and am passionate about maintaining the essence of the club while developing new initiatives and offerings to members.

I am seeking re-nomination to continue working on strengthening the governance, transparency and the financial strength of the club.
